Digital Prepress

- Macintosh and PC Workstations
- Creo Prinergy System
- 2 Kodak Approval Large Format Digital Color Proofers
- Hewlett Packard DesignJet 1050C
- Scitex Eversmart Pro Flatbed Scanner
- Hewlett Packard Laserjet 5000N B/W Laser Printer
- Epson Stylus Pro10000 Ink-Jet Printer
- Creo 3244 Platesetter
- Creo Trendsetter Platesetter
- GretagMacbeth SpectroScan Device
- Xerox Docucolor 12

Web Presses

- 5 Unit Komori System 38 – 22 3/4 x 38 with combination folder, sheeter, double vertical former folder (press finished 4+8 pagers), perforating and scoring unit, combination remoistenable and pattern gluer, and Roto-Schneider auto-trimmer
- 5 Unit Harris Heidelberg M-1000B - 22 3/4 x 38 with combination folder, sheeter, ribbon deck, Vits-America double former pre-folder (press finished 4 and 8 pagers and 6 page gatefolds + 8 page double gatefolds) and Roto-Schneider auto-trimmer, GMI closed loop color control
- 6 Unit Harris Heidelberg M-1000BE - 22 3/4 x 38 with combination folder, sheeter, ribbon deck, pre-folder and Roto-Schneider auto-trimmer, GMI closed loop color control

Sheetfed Presses

- 6 Color MAN Roland 706LV 28 x 40 with spot aqueous coating tower, extended delivery system, PECOM Network System and auto-plate loader
- 8 Color MAN Roland R708PLV 28 x 40 convertible perfecter (4 over 4, or up to 8 colors 1-side) with spot aqueous coating tower, PECOM Network System and auto-plate loader
- 2 Color Heidelberg Speedmaster 28 x 40 (Perfector)

Digital Press

- Xerox iGEN3 110 - Two Input feeder modules, each with two 2500 sheet trays, maximum sheet size 14.33" x 20.5", minimum sheet size 7" x 7", uncoated paper: 16 lb. bond to 130 lb. cover, coated paper: 60 lb. text to 130 lb. cover, resolution 600 x 600 dpi, line screens 150 lpi, 175 lpi, 200 lpi, process Colors: Cyan – Magenta – Yellow – Black, Creo Spire Color Server, Print Shop Mail VDP software, Creo Darwin VDP Software, integrated into AG LiveLink

Franchise Print

- DPX Genesis Platesetter
- Ryobi 3200 CD 11" x 17"
- Itek 975 CPD 11" x 17"
- Kluge EHD 14" x 22" with die cutting, foil stamping, embossing, and scoring capability

Finishing

- (4) Harris/Sheridan Saddle Stitchers – from 6 to 20 pockets plus cover feeder, Videojet or Domino inside/outside Inline Inkjet Printing, OCR-A scannable fonts, Postnet & Planet barcodes, 3 and 5 knife trimmers, Demographic / Selective binding, Inline tabbing and traying, Inline Blow-In Cardfeeders
- (1) Muller Martini Prima Saddle Stitcher – 6 pockets with cover feeder, Videojet inside/outside Inline Inkjet Printing, OCR-A scannable fonts, Postnet & Planet barcodes, 3 and 5 knife trimmers, Demographic / Selective binding, Inline tabbing and traying
- (1) Sitma Polybag Machine - 5 rotary pockets plus 1 shuttle-feed pocket, pre- and post-wrap Videojet Inline Inkjet Printing
- (3) Shrink Wrap lines
- (1) Lawson Inline Drilling System
- BMC and SCF Destination Mailing
- (4) Polar 137 Cutters - one with Transomat off-loader
- (2) Fully Automatic Auto-Cut Systems
- (1) Baum Folder and (6) Stahl Folders max 30" x 40" with Inline spot-glue (hot melt) capabilities

Offline Addressing and Labeling

- (2) Videojet PrintPro Inkjet Printers on Paragon Friction-Feed base, Postnet & Planet barcodes
- (1) Videojet System 4000 Inkjet with Postnet Barcode and 10 line capability
- (1) Cheshire Model 525/E addressing machine for 1" and 1-1/2" wide labels
- (3) Labelaire Model 2111 for application of pressure-sensitive stickers

Inserting

- (5) 10 Station Bell & Howell 6" x 9" Inserters
- (2) 12 Station Bell & Howell 6" x 9" Inserters
- (1) 7 Station Bell & Howell 6" x 9" Inserters
- (2) 8 Station Bell & Howell 9" x 12" Master Mailer Inserters

Lettershop Folding & Bursting

- (1) Bowe Model 310 Forms Cutter
- (1) Stahl Model T49 Folder, 19" x 25" with parallel and 4 8-page plates
- (1) Baum Legend 23" x 40" Folder with 4 parallel, 4 8-page and 4 16-page plates
- (1) Standard Register Model 2500 Burster
- (1) Baum Model 418B Folder, 18" x 24" with 4 parallel plates

Miscellaneous

- (2) Kirk Rudy Model 535 Tabber
- (2) Kirk Rudy Model 527 Tabber – Allows for affixing of 1 or 2 tabs in-line with addressing, inkjet or folding machines
- (1) Neopost Metering Machine – Allows for off-line metering
- (1) Bag/Tray tagger, with barcode capability
- (3) Stream feeder Feeding Bases
- BMC and SCF Destination Mailing

Fulfillment

- (1) Collator – 30 pockets
- (1) Overwrap / Sorter – Allows polypropylene overwrap protection and sortation capability
- Customized Drop Shipping and Fulfillment Program Capabilities
- 80,000 Square Foot Dedicated Space and Staff
- Pick To Light System
- RFID driven fully automated fulfillment system
